

@INPROCEEDINGS{814261,  
author={Centoducatte, P. and Araujo, G. and Pannain, R.},  
booktitle={12th International Symposium on System Synthesis, 1999},  
title={Compressed code execution on DSP architectures},  
year={1999},  
month=nov,  
volume={},  
number={},  
pages={56 -61},  
keywords={AMS standard cell library; DSP architectures; RISC architectures; TMS320C25 processor; compressed code execution; compression ratio; decompression engine; embedded DSP; embedded systems; experimental results; gate level simulation; instruction formats; state machine; computer architecture; data compression; digital signal processing chips; embedded systems; instruction sets; microprogramming;},  
doi={10.1109/ISSS.1999.814261},  
ISSN={},}
